HON. JOHN HANNA.

Meeting of the Marion County Bar This Morning—The Memorial Adopted.

At a meeting of the members of the bar of Marion county, held in superior room No. 1, this morning, for the purpose of action in reference to the death of John Hanna, Esq., ex-Governor of the State, the following memorial was adopted:

On motion of Mr. Cas. Byfield, the chair appropriate for the memorial was placed in the center of the hall, and the memorial was read by Mr. Cas. Byfield, Judge J. R. Julian, Captain E. R. Ritter, Judge M. B. Williams and Robert B. Duncan, Esq.

The committee, through its chairman reported the following memorial:

This bar has often been called upon to assemble on occasions similar to the one which now brings us together.

Death is a fate common to us all, none the less and none the less, it is a great loss to the community.

Our brother John Hanna is an example of what can be accomplished by the energy and noble ambition of a poor man under the fostering care of our institutions of learning and kind influence of our social system.

He was endowed by nature with unusual physical and mental forces; a lofty ambition, a high sense of duty, a noble character, a courage equal to the emergencies upon him. Absolutely depending upon himself and with no other aid than the full course of education in Indiana Asbury university, graduating in the year 1850.

After the reading of the memorial, the bar adjourned until to-morrow morning at 10 o'clock.

After the reading of the memorial, the bar adjourned until to-morrow morning at 10 o'clock.

His physical infirmities, from which he finally died on the morning of October 24, 1882, confined him to his home for several months.

John Hanna was a man of warm heart, great attachment for his friends, great enthusiasm for any cause he espoused, generous, and in his life of a citizen, officer and attorney always manifested the highest integrity.

He leaves an example worthy of imitation, and a character to be remembered with pride.

His death is a great loss to the community, and his memory will be remembered with pride.

On motion, the secretary was instructed to transmit a copy of the proceedings of the bar to the family of the deceased, and to the newspapers of the city for publication, and to present the memorial to the various courts for record.

The funeral of Mr. Hanna will take place at 10 o'clock on to-morrow morning at 10 o'clock, from the residence of the deceased, and to the place of interment at 10 o'clock p. m. It is requested that all friends of the deceased will attend.

THE PROSPECT.

Democratic chances as to the Result in Indiana Next Month.

(O. O. S. is the Courier Journal.)

While it may prove to the contrary, yet it is generally understood by the people that if the democratic party carry the legislature the prohibition amendment will be passed.

The truth is, that a vote in the next legislature to submit the amendment will be given by no more or less than a vote in their favor, and consequently, a vote for prohibition is a vote for prohibition.

On the other hand, if they are in favor of prohibition they will vote for the candidate who favors prohibition.

This is a fair and honest statement of the issue. The democratic state platform opposes prohibition, and while the republican state platform favors prohibition, the question of prohibition, yet its speakers and papers favor the cause of the prohibition amendment. This is a reduction of the question to a simple one, and it is a question of the stripping of all demagoguery and technicality.

I have waited two weeks for the two great political parties to come out and state their position and simplify it, but they lack the political nerve to do so.

Through their splendid, energetic and efficient corps of reporters and correspondents, they would inform the people of the results of the fight, but they have been disappointed.
